Subject: RE: coordination for 1/28 public meeting

Dave,

I put my presentation on our ftp site at the link below.

[ftp://ftp.usace.army.mil/pub/erdc/EL/New%20Folder%20\(2\)/](ftp://ftp.usace.army.mil/pub/erdc/EL/New%20Folder%20(2)/)

I should be able to get through this in the time allotted. I recognize it will run less than 60 seconds per slide given the number, but I generally keep things moving.

Tom

Subject: coordination for 1/28 public meeting

Hello all - with the 1/28 meeting now only 2 weeks away its time to work out the details of the agenda and presentations. Please let me know what you think of my agenda below:

1. Poster session (7-7:30)
2. Greetings/Introductions/Purpose of Meeting - EPA/HDC (5 minutes)
3. Overview of CAD cells and their use in New England - Tom Fredette, USACE (15 minute presentation; 5 - 10 minutes Q&A)
4. Summary of NBH navigational dredging to date - HDC/Apex (15 minute

presentation; 5 - 10 minutes Q&A)

5. Evaluation of a Superfund CAD cell in the lower harbor - EPA (20 minute presentation, 10 minutes Q&A)

6. Further Q&A/closing remarks/next meeting - all (remaining time till 8:55)

ALSO: other presenters, if you want to email me your power point presentations I can load onto my hard drive to minimize technical glitches during the meeting. I will need them by COB Tuesday 1/26 if not sooner. Otherwise save to a CD for use on my labtop.

Jeanethe/Kate - will you be responsible for signing out/transporting the projector?? Also, we will need to arrange with the library to get in the room early to set up the posters.

Thanks - Dave
